

### ROTATABLE WIRELESS PLATFORM

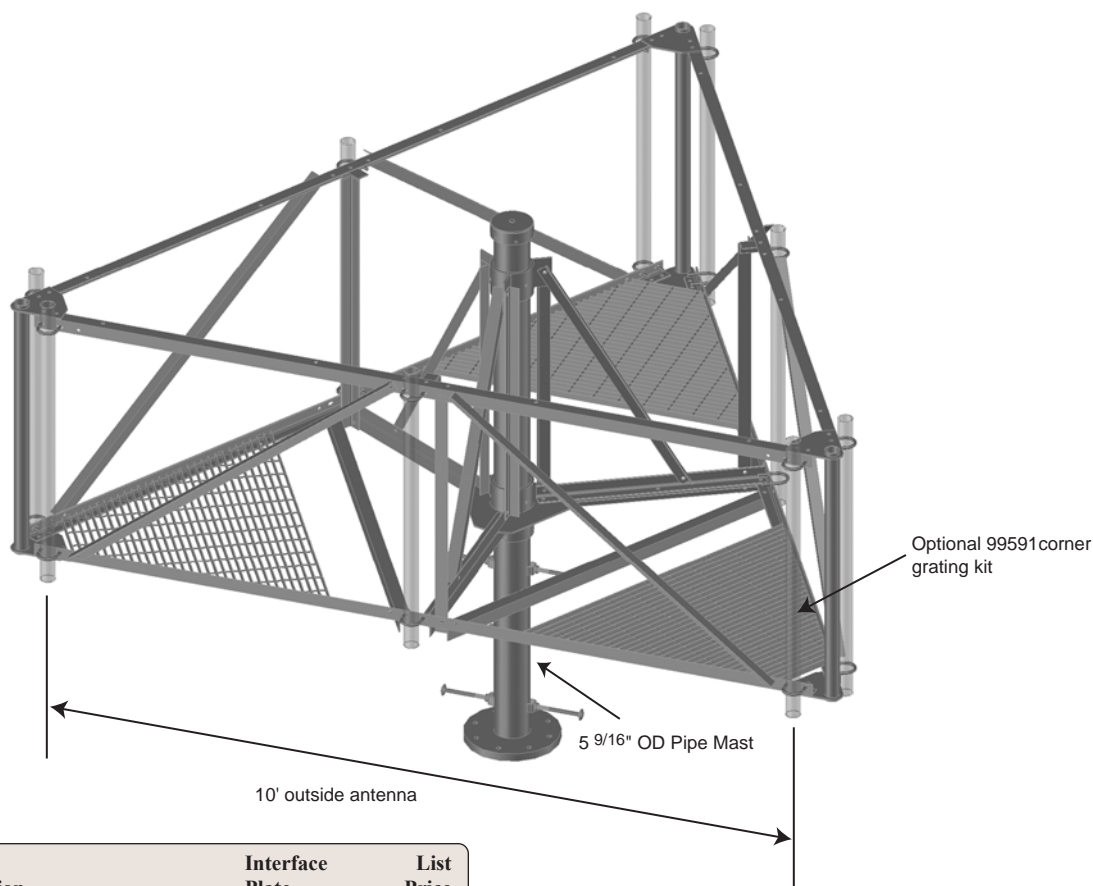

FOR STEEL TOWER & POLE STRUCTURES

The Rotatable Wireless Platforms will support up to three whip antennas on included corner mounts and up to 12 panel antennas for three sectors on the Platform faces. Antenna separation on a 10' Platform with three antennas on a sector is 5', with an outside antenna separation of 10'. Antenna separation on a 13' platform with four antennas on a sector is 4'-4" with an outside antenna separation of 13'.

The Platform is centered on a 5 9/16" OD stub pipe and mounted to the tower or pole structure using the interface flange at the base of the stub pipe. The bolt hole pattern on the flange is either circular (99589 and B2159) or square (99390 and B2160) and requires a matching interface, provided by others, on the tower structure. Clamp-On Mast Extension Kits are available to mount rotatable platform on existing monopoles, call for details. A Pipe Cap, included on the stub pipe, enables installation of an optional B964 Lightning Rod.

Wireless panel antennas mount to the Platform on separately ordered 2 3/8" OD Antenna Mounting Pipes (page 8.1). Provided with the Platform are U-bolts for nine Antenna Mounting Pipes on the 10' Platform or twelve Antenna Mounting Pipes on the 13' Platform. The corner mounts, 2 3/8" OD x 3'-6" long, are included and can be used for mounting whip antennas.

Optional corner or perimeter grating kits are available.

Product Number	Description	Interface Plate	List Price
99589	10' Rotatable Wireless Platform	Round	\$1,075.00
99590	10' Rotatable Wireless Platform	Square	\$1,075.00
99591	10' Corner Grating Kit	—	\$425.00
B2159	13' Rotatable Wireless Platform	Round	\$1,300.00
B2160	13' Rotatable Wireless Platform	Square	\$1,300.00
B2161	13' Perimeter Grating Kit	—	\$400.00

# ANTENNA SUPPORT STRUCTURES

## ANTENNA PLATFORMS

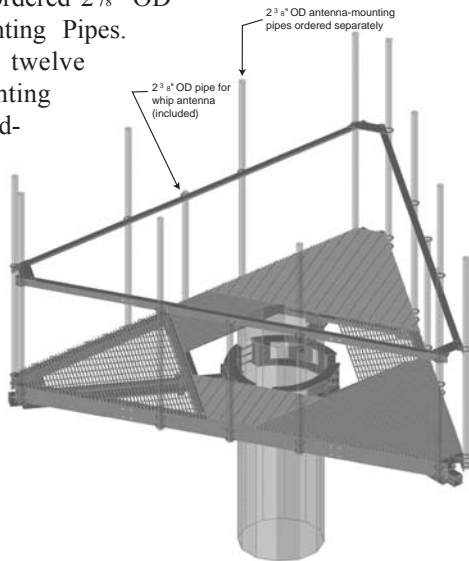

12.2

### WIRELESS PLATFORM

FOR POLYGON & ROUND POLE STRUCTURES

Three-Sided Wireless Platforms, for round and polygon poles with 12 or more sides, are designed to support up to five Panel Antennas on each Platform face. The Platform mounts to the pole using a separately ordered Tri-Bracket (page 10.1). Wireless Panel Antennas mount to the Platform on separately ordered 2<sup>3</sup>/<sub>8</sub>" OD

Antenna Mounting Pipes. U-bolts for twelve Antenna Mounting Pipes are included with every Platform.

### Platforms with Hatches and Handrail Kits

Product Number	Min. Dia	Max. Dia	Outside Antenna Separation	List Price
B2044	1'	2'	8'-7"	\$2,800.00
B1833	1'	2'-1/2"	12'	\$2,850.00
B1894	2'-1/2"	3'-8"	12'-10"	\$2,950.00
B1895	3'-8"	4'-6"	12'-10"	\$3,050.00

### Platforms without Hatches and Handrail Kits

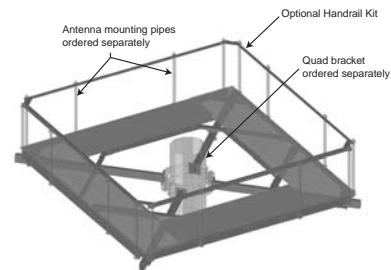

Product Number	Min. Dia	Max. Dia	Outside Antenna Separation	List Price
B2807	1'	2'	8'-7"	\$2,595.00
B2808	1'	2'-1/2"	12'	\$2,375.00
B2809	2'-1/2"	3'-8"	12'-10"	\$2,475.00
B2810	3'-8"	4'-6"	12'-10"	\$2,575.00
B2762	1'	4'	15'	\$3,495.00
B2689	1'	4'	18'	\$3,900.00

### Handrail Kits

Product Number	Description	List Price
B2767	Handrail Kit for B2762	\$220.00
B2692	Handrail Kit for B2689	\$295.00

### 14' 4-SIDED WIRELESS PLATFORMS

Four-Sided Wireless Platforms, for round and polygon poles with 12 or more sides, are designed to support up to five Panel Antennas on each Platform face and allow for increased antenna capacity. The Platform mounts to the pole using a separately ordered Quad-Bracket (page 10.3). Wireless Panel Antennas mount to the Platform on separately ordered Antenna Mounting Pipes. Optional B2741 Handrail Kit is available.

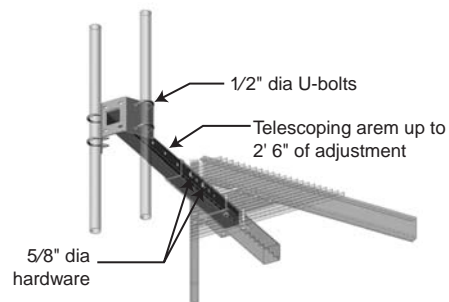

Product Number	Pole Diameter Min	Pole Diameter Max	Outside Antenna Separation	List Price
B2740	1'	4'	14'	\$3,595.00
B2741	Handrail Kit for B2740			\$295.00

### CORNER PIPE MOUNT

FOR MONOPOLE PLATFORM

Corner Pipe Mount extends the Platform face width by 2' per Pipe Mount. Depending upon the pole diameter, the Mount has up to 2'-6" of adjustment in 5" increments. Mounting hardware is included.

The Wireless Panel Antenna mounts on a separately ordered 2<sup>3</sup>/<sub>8</sub>" OD Antenna-Mounting Pipe (page 8.1).

Product Number	Description	List Price
B2114	Corner Pipe Mount	\$95.00
